SIGNS NEW PLAYER

PRESIDENT THOMAS M. RUSSELL
OF THE MAYSVILLE BALL CLUB,
SIGNS-UP SIDNEY MIX.

Through the efforts of Mr. C. L. Mix, advance agent for the J. A. Coburn Minstrels, Colonel Thomas M. Russell on Tuesday signed up a most promising young ball player for next season, in the person of Mr. Sidney Mix. Young Mix was captain of the Ohio State College ball team at Columbus, O., this year, and won the celebrated Potter cup for being the best offensive player in the college teams. He is a college-bred gentleman, and plays several positions. His record as a ball player is good and he will be given a chance to make good in the classy Ohio State League.

Mr. C. L. Mix is his brother, and says he is a crackerjack.

MR. C. L. MAINS

INJURES HIS HANDS WHILE
ALIGHTING FROM AN AUTOMOBILE.

On Saturday afternoon Mr. C. L. Mains, senior member of the firm of C. L. Mains & Company, of Minerva, while riding on the Foxport auto bus on West Second street, attempted to alight while the machine was moving along slowly. As he made the leap to escape the front wheels, his foot became caught in a rope that held a few milk cans on the side of the bus, and he fell to the ground, bruising both of his hands. It was quite fortunate that Mr. Mains caught himself as he did, otherwise he might have sustained severe injuries. He has both arms in bandages.

MANY ATTEND FUNERAL.

Many friends and relatives of the family attended the funeral of Harriet Jeannette, the infant daughter of Mr. and Mrs. William Wood, of Limestone street, Tuesday afternoon.

NOTICE.

The Executive Committee of the Women's Missionary Society will meet at the First M. E. church Wednesday afternoon at 3 o'clock. The Mission Study Class will meet at 2:30.

A few tobacco stix for the come quix. LIMESTONE LUMBER CO.

Mr. John Darnell, of Ripley, was in this city Tuesday on business.

HON. EDWIN P. MORROW,

Republican Candidate for Governor, who will speak in this city Thursday night. Everybody invited to hear him, especially the ladies.

BUYS FIRST WILLYS-KNIGHT.

Dr. W. H. Taulbee, one of northern Kentucky's most eminent surgeons, is the proud owner of the first Willys-Knight, the new big brother of the \$750 Overland, to be sold in Maysville.

Mr. Bartlett, proprietor of the Central Garage, and distributor for the Willys-Overland factory in this section, was reluctant to part with the new car as he had been nearly three months in getting it and hoped to be able to keep it for a demonstrator. The new Knight is a wonderful car, using the same motor that is used by all the crowned heads of Europe, is powerful, silent and smooth-running, and embodies all the improvements used by the foremost manufacturers of this country and Europe.

Dr. Taulbee is an enthusiastic motorist and a splendid judge of an automobile. His selection of the Willys-Knight is certainly a recommendation for the car.

WOUNDED MAN IMPROVING.

William Yarnell, who was shot Saturday afternoon by Ed Whittington, is somewhat better this morning and the attending physician is entertaining hopes for his full recovery.

Look in our show window; 7,500 rolls of cheap wallpaper. A great time to clean up for fall and winter. J. T. KACKLEY & COMPANY.

ADVANCE AGENT

ARRIVES AND CLOSING CONTRACT
FOR J. A. COBURN'S MINSTRELS
TO APPEAR HERE ON NEXT MONDAY.

On Monday afternoon, the gentlemanly advance representative of the J. A. Coburn Minstrel Company, Mr. C. L. Mix, arrived in Maysville, and at once proceeded to close a contract with Messrs. Russell, Dye & Watkins, managers of the Washington, for the appearance of this great minstrel aggregation here on Monday night, October 4.

The Opera House was scheduled to have an installment of "Neal of the Navy" here on the same night, but by an amicable arrangement, it was decided to present the famous photoplay at 4 o'clock in the afternoon. Consequently, "Neal of the Navy" will be the feature in the afternoon—and that absolutely free of cost to all who want to see this great picture. Think of it! A picture show free to everybody. Bet you attend.

The expense of putting this picture on free is to be borne jointly by the managers of the Washington and the Coburn Minstrels. A large crowd should reward this enterprise.

CIRCUIT COURT.

The case of Frank Thorpe, charged with stealing brass from the C. & O. railroad, near Garrison, Ky., a few months ago, was on the docket in the Circuit Court Tuesday morning. Thorpe pleaded guilty of the offense charged against him and was given the sentence of a year and a day in the Kentucky State Penitentiary at Frankfort. Thorpe, it will be remembered, was one of the gang of brass thieves that was broken up by the splendid work of the Maysville and Portsmouth police departments during the past summer. Wing Odel and Bud Logan, who were captured at the same time as Thorpe, have been sent to prison several months ago in Ohio on the same charge.

The case of George Cummins, charged with grand larceny and carrying concealed weapons, was dismissed, not enough evidence being produced to show that he was guilty. However, he was warned not to be caught in of this city again.

CAME TO GET REVENGE—FINED \$10.50.

Tuesday morning, Chief of Police James Mackey arrested a lad who said his name was John Dawson, of Newport, on the charge of using language intended to provoke a breach of the peace.

Dawson is a nephew of William Yarnell, who was shot Saturday afternoon by Mr. Edward Whittington, during a heated argument in Mr. Whittington's saloon on Market street, and came to this city to get revenge on Mr. Whittington for shooting his uncle. He was abusing Whittington when the Chief arrested him. Dawson was taken before Police Judge John L. Whitaker, where he was fined \$10.50 for his conduct. Not having the money, he was lodged in jail.

ATTENTION ELKS.

Regular meeting of the B. P. O. Elks this evening at 7:30 o'clock. Full attendance desired.

C. E. GEISEL, E. R. W. R. Smith, Secretary.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.

This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

THE MASON LUMBER COMPANY, LEADERS

CORNER SECOND AND LIMESTONE STREETS. PHONE 519. MAYSVILLE, KY.

FORMER RESIDENT OF MASON COUNTY DIES IN FLORIDA.

It became known Tuesday morning that Vachel Worthington, aged about 60, died Monday night in Jacksonville, Fla., after a short illness. Mr. Worthington for years resided in Mason county near Fernleaf, where he was a prominent farmer. Several years ago he left this county and went to live with his son, Rice Worthington, at Jacksonville, with whom he was at the time of his death. He is survived by two sons and two daughters, H. R. Worthington, Mathew Worthington, Mrs. D. Jefferson and Mrs. Myria Bostain. The remains will arrive here this evening on the L. & N. train. Interment in the Germantown cemetery.

BACK TO HIS OLD HOME TOWN.

Colonel William A. Durst—better known to older people as "Buddy"—surprised his old-time schoolmates here by calling upon them Tuesday, and not one in fifty recognized the splendid-looking gentleman. Since leaving here about twenty years ago, Mr. Durst, like all that want to, has made good. He is now a graduate optometrist, practicing his profession at Enid, Okla. He has made a success in life and his friends here gave him the glad hand of encouragement. He is a member of the Elks, Masons and K. of P. lodges, a sure sign that he is all right. Keep on the success path, "Buddy," we are for you.

BUYS ELEGANT DELIVERY CAR.

The Model Laundry Company has just placed an order with the Central Garage for an elegant Overland delivery car with which to handle their rapidly growing business.

This concern will soon move into their new building on East Second street, where they will have one of the finest and most modern equipped laundry plants in Kentucky.

By use of automobile delivery the hustling management will be able to give more prompt and more extensive service to their patrons.

POPCORN MACHINE INSTALLED.

Mr. Nelson Breeze, for several years a clerk in the confectionery store of F. H. Traxel, and who last week resigned to open a first-class popcorn and peanut stand in front of the Gem Theater, has opened the stand, Tuesday evening being the first time the stand did business. Mr. Breeze has a beautiful machine and will no doubt enjoy a large trade.

TAKE JOHN COTTY TO ASYLUM.

Guard D. S. Allen, of Lexington, was in this city Tuesday. On his return home he took John Cotty, a negro, who was cleared from the charge of house-breaking in Circuit Court a few days ago, to the insane asylum at Lexington. This is the second time that Cotty has been to the asylum, having escaped the last time he was there.

Mrs. Louise Ferguson, of Pittsburg, Pa., and Mrs. Marshall Creekbaum, of Ripley, are guests of Mrs. Lottie Sproemberg, of Commerce street.

LOUISVILLE PROMOTERS LOOKING OVER AUDUBON WELL.

Tuesday, a body of Louisville promoters passed through this city on their way to look over the Audubon water well, near Dover. It is understood that they are negotiating for the purchase of the well site, to erect a large health resort on it.

Mrs. William Ferguson, of Pittsburg, Pa., and aunt, Mrs. L. Creekbaum, of Ripley, are guests of Mrs. Lottie Sproemberg, of Commerce street.

BISHOP FISKE CONSECATED.

Baltimore, Md.—Episcopalians from far and near gathered in the Church of St. Michael and All Angels today for the consecration of the Rev. Dr. Charles Fiske, for the last five years rector of the church, as bishop coadjutor of the Central New York. Bishop Tuttle of Missouri, president of the House of Bishops, presided over the ceremonies and was assisted by Bishop Murray of Maryland and Bishop Olmstead of Central New York. Bishop Weller of Fond du Lac preached the sermon and Bishops Harding of Washington and Talbot of Bethlehem were the presenters.

The new bishop is 47 years old and a native of New Jersey. Before taking up the work of the clergy he was engaged for some years in newspaper work in New York. After his ordination he occupied pulpits in several cities of Pennsylvania and New Jersey, and 1910 became rector of St. Michael and All Angels in this city.

BALLOON AND AUTOS IN WAR GAME.

Pittsfield, Mass., September 29.—Not only aeronauts and automobilists, but army officers as well are interested in the auto-balloon race which is to start from here tomorrow. Military men say it will go a long way toward demonstrating the value of the automobile in pursuing and capturing a balloon in war time.

All arrangements have been completed for Leo Stevens, the aeronaut, to soar from the local balloon park in his balloon, Dancing Doll, and make a long daylight flight. Five minutes after he starts a flock of contesting balloons will be released, and after them will be sent automobiles. The first contesting balloon and the first automobile to reach the spot where the Dancing Doll descends will be awarded prizes. Courtland Field Bishop has offered a cup for the competition.

ALLIES WIN VICTORY

IN GREATEST BATTLE OF WAR—100,000 GERMANS LOST.

In a United Press dispatch by Ed. L. Keen, staff correspondent, from London, under date of September 27, the following story of the greatest battle in the history of the present war is given:

The tide of battle has turned for the allies on every front.

The greatest artillery onslaught of any war is blowing whole sections of the Germans' Franco-Flanders flanks to bits. Allied troops are smashing their way toward the railway lines by which the Teutons hold their grip on Belgium and northern France.

The German losses in the allied drive, which began Saturday morning, already as believed to total more than 100,000.

Von Hindenburg Is Checked.

The Czar has halted the German offensive in the East. Von Hindenburg has been thrown back in his attempts to reach Dvinsk and Riga.

The Russians are on the offensive on two-thirds of the eastern battle front, recapturing villages and taking heavy toll in prisoners and guns.

The Italians claim great successes. The Serbian artillery is holding up the Austro-German advance, and dispatches from Athens today assert Bulgaria, three days ago ready to leap into the car with Austro-Germans, is hesitating.

Newspapers Give Warning.

Newspapers called for moderation on the part of a wildly enthusiastic British public today. They pointed out the allies must have suffered heavily in the victorious smashes toward Lens, and in the Champagne, and that official communiques may bring news of serious reverses.

The sudden offensive movement, launched Saturday, may mean only a "feeling out" of the German positions, preliminary to a real offensive, newspapers pointed out.

Dispatches from Paris and Dutch points today said the great battles from Arras, northward to the sea, and in the Champagne raged without interruption throughout Sunday and Sunday night and continued today.

Bayonets Are Used.

The Anglo-French batteries are deluging the German works with a blasting fire. Perhaps no other battles of the western front have seen such savage hand-to-hand bayonet fighting.

Thousands of dead and wounded lie amid the burning ruins of the villages of Souchez, now entirely in French hands. Thousands lie unburied on the slopes of Hill 70, captured by the British in an impetuous charge. German trenches, captured by the French in the Champagne region, are choked with mangled bodies.

Germans Rush Help.

The Germans are rushing new divisions through Belgium to meet the combined Anglo-French attack on the important railway center of Lens.

Throughout the early hours Sunday German guns poured a frightful fire upon the British positions on the heights west of the town to prevent the British bringing up guns for the bombardment of Lens.

A furious battle for possession of Hill 70 is expected to develop before many hours, if it has not already begun. The position absolutely dominates Lens, less than two miles away, whose capture is made practically certain if the British retain the hill.

British Digging In.

German works on Hill 70 were wrecked by steady shell fire that lasted two days before British troops left their trenches and stormed the position. In the face of terrific fire the British are digging themselves in near the summit and are prepared to meet counter-attacks.

The fields west of Lille, the brick yards west of Labasses and the rolling country or Arras are being swept by shrapnel, machine gun and rifle fire that is taking frightful toll in human lives.

The Germans are counter-attacking in force near Loos.

French Gain Fifteen Miles.

High hopes are held out here that the fifteen-mile advance of the French in the Champagne region is preliminary to a great smash that will force the Crown Prince from in front of Verdun.

General Joffre evidently is aiming at the Benancourt railway, running behind the German lines.

The allies' successes have caused intense patriotism to sweep over London. Social distinctions were forgotten today while laborers discussed with bankers "the things General French is doing."

There was a noticeable increase in recruiting today. Some of the anti-conscriptions papers took the view that the allies' success have disposed of the conscriptions question.

There is an estimable lady in this town who is regarded as about the shrewdest shopper in the whole community. She is not "close," but just careful and economical. She reads the ads in this paper every week, knows just where the bargains and best offerings are to be found, and goes there to spend her money. She finds that advertising pays her, because of the numerous savings on her purchases. It pays the merchant, too, because of his increased sales. But what of the dealer who never advertises?

"BILLIE LEE" MAKES SOME RECORD—TAKES THREE BLUE RIBBONS AT PUTNAM COUNTY FAIR.

The following item is taken from the Putnam Democrat and pays high tribute to "Billie Lee," formerly owned by Mayor J. Wesley Lee, who now rides in his automobile instead of behind beautiful "Billie," his favorite horse:

"Billie Lee," the beautiful bay horse owned by J. M. Henson, purchased more than a year ago of Mr. J. W. Lee, Mayor of the city of Maysville, Ky., and is kept for saddling and driving purposes, was taken off grass on Friday, September 10, before the fair began on Tuesday, September 14, and entered in the first division of the county race and put on the track Wednesday, September 15. All the practice or training he had was from Friday until Tuesday. In making up the race, "Joe King," a horse which had a record at different county fairs and is said to have a record of 2:16, was admitted by agreement. However, "Billie Lee" took a second money, notwithstanding the former training of "Joe King." It was said by the best horsemen on the ground that with thirty days' practice "Billie Lee" would have easily distanced "Joe King." His wind and powers of endurance seem almost inexhaustible.

"In the ladies' turnout he was ridden by Mrs. Nora Miller, and was perfectly breakable and susceptible to every touch of the rein, and she was awarded the first prize as being the most graceful lady rider, and for her skillful management of a horse. This was the first time Mrs. Miller had ridden the horse and, in fact, the first time she had ridden any horse for some years. From the very first movement of the horse she seemed to thoroughly understand him and he promptly responded to every requirement.

"Billie Lee" certainly shows himself to best advantage when ridden by a lady. "Again, he was entered as a saddle rider with several good horses and took first prize. Later he was entered as a single driver, and again took the 'blue ribbon'."

It takes a mighty good man to walk the straight and narrow path these days of universal temptation. Most of us are ambling along in the wide road of pleasure, profit and indifference.

Having tired of their own territory Mexicans are coming over to our side of the Rio Grande to do their fighting.

MASON CIRCUIT COURT.
Limestone Building Association, Plaintiff, vs. James D. Higgins, Etc., defendants.

Judgment and Order of Sale.
In obedience to a Judgment and Order of Sale in the above styled action, I will, as Master Commissioner, on

Saturday, October 2d, 1915,

at 2 o'clock p. m., proceed at the Court House door in Maysville, Kentucky, to seal at public outcry, and to the highest and best bidder, the hereinafter described real estate, in order to satisfy the Judgment Debt of the above named Plaintiff, amounting to \$245.00, with 6 per cent interest thereon from March 11th, 1915, until paid, and its costs herein expended.

Said real estate is bounded and described as follows:

A certain lot of ground situated in Maysville, Kentucky, on the south side of Third street, west of Wall street, and bounded on the north by Third street, south by Maysville & Lexington turnpike road and east by Bauer's lot and on the west by James Redmond's lot; fronting on Third street 99 feet, more or less, and running back that width to said turnpike road; and being the same property conveyed to M. P. Redmond by deed from Charles Trouts and others and recorded in D. B. 88, Page 442, Mason County Court Clerk's Office, and by M. P. Redmond to James Redmond, recorded in D. B. 95, Page 268, Mason County Court Clerk's Office.

TERMS OF SALE—Said real estate will be sold on a credit of six (6) months. The purchaser will be required to execute a bond for the purchase price, with approved personal security, payable to me as Master Commissioner, and bearing six (6) per cent interest thereon from the day of sale. A lien will also be retained upon the property so sold, in order to secure the payment of the purchase price.

SOME COMPARISON.

Here is a statement of comparison of
the Russian armies in 1812 and 1915.
Note the difference:

In 1812.

The Russian army totaled 400,000
men.
Napoleon had an army numbering
420,000 men.

The feature of the campaign was the
individual brilliancy of the French.

There were no railroads. The lines
of communication were generally over
impassable roads or through swamps
and forests.

During the campaign thousands of
Napoleon's soldiers died from the effects
of drinking impure water. Thousands
of them also died of starvation.

Supplies were then transported by
horses, thousands of which died weekly.

The object of Napoleon's campaign
was a brilliant advance for political
ends, without a strategic basis.

In 1915.

The Russian army totaled 2,500,000.
Von Hindenburg's forces totaled 2-
500,000.

The feature of the present campaign
has been German discipline and efficiency.

There are in Russia thousands of
miles of good railroads—others can be
built at a rate of twenty-five miles a
day. Asphalt roads are being built as
fast as the army approaches.

The soldiers of Germany are supplied
with fresh mineral water in bottles
daily. The German soldiers also have
fresh bread and three meals daily.

Supplies for the Germans are transported
from trunk lines to autos.

The German military campaign is
for military purposes only, and is
based on sound strategic principles.

Baseball Pop-Ups.

No need of a "Marquard day" in
Brooklyn, for it is evident that Reuben
has had his day.

In trying to sign Joe Popoloski, the
old Seton Hall captain and pitcher,
Connie Mack shows he realizes the
need of the Athletics—new material
with pep.

Can you imagine a man worth \$250,-
000 worrying himself thin over the Pi-
rates' chances? Neither can Fred
Clarke.

The Federal League has engaged a
business manager for its New York
team. Pretty soft job that, with no
ball grounds and no team to look
after.

Tis said former Cubs who worked
under Frank Chance are to hold a re-
union in Chicago this fall. Yankees
who worked under Chance will not be
admitted to the doings.

Anyway the Braves didn't win all
their games with the Red Birds this
season. Herzog's bunch stopped them
in great fashion, taking seven of the
twenty-two games played with the
champs.

According to the records Manager
"Wild Bill" Donovan, of the Yanks,
pitched in nine games this season, win-
ning none and losing two. Whatever
Bill did with the other seven gets us.

Perhaps there was no intention to
slip the K. O. to the Detroit Tigers, but
the fact that the Worcester Poison

the Red Sox-Tiger series in Boston
affords food for scandal mongers.

The howl for poultry and eggs this
winter may not be as brisk as the
howl for guns and ammunition, but
nevertheless it will pay you to pay
close heed to the egg production of
your fowls. With proper care and
feed the number may in many cases
be almost doubled. And every egg in
winter has a ready sale and a high
market value.

WORTHY OF EMULATION

A GREAT WORK BEING DONE TO
EDUCATE THE PEOPLE BY THE
INTERNATIONAL HARVESTER
COMPANY.

The Public Ledger is in receipt of
circulars and a form letter from the
Agricultural Extension Department of
the International Harvester Company,
of New Jersey, Incorporated, that has
much merit in it that we can not but
help push the good work along.

The pamphlet is entitled "We Must
Feed Ourselves." The Ledger takes
pleasure in reproducing some of the
items therein. They are full of human
interest, especially in this commu-
nity, and should be read by every
citizen of Maysville and Mason county.
Here are some excerpts:

"No country can become richer than
its lands. From the soil comes our
food and clothing; all other human
needs are subordinate to these. Food
is the chief material concern of life—
its production the most important oc-
cupation. In the hard school of ex-
perience we are slowly learning the
lesson of real business economy—the
greatest lesson of all time—that of
feeding ourselves. Let us learn that
lesson well."

"EVERY FARM A FACTORY."

"The opportunity of the town lies in
the country. The country can get
along without the town, but no town
ever has or ever will be permanently
prosperous where the land is poor. The
town is built on farm profits; on
what farmers produce in excess of
their home needs. In fact, towns are
liabilities, not assets—consumers, not
legitimate producers. Towns are the
natural evolution and outgrowth of
necessity—places to store and distrib-
ute the world's surplus products
through the channels of commerce.
There is but one road to permanent
city building—that road leads to the
farm. Business is so sympathetic, so
sensitive to crop production, that the
forecast of a poor wheat or corn crop
affects the markets of the world. When
the harvest fields smile, towns wax fat,
and factories increase the pay roll.
Corn, wheat and hay, beef, pork and
poultry—these are the soil builders,
the home builders, the builders of
great cities."

"The old-fashioned Chamber of Com-
merce, with its cash bonuses and free
factory sites, is rapidly passing away.
Instead of grabbing business from
each other, towns are beginning to
look to the country, out in the fields
of growing corn and wheat and hay.
Here lies the opportunity—for the
great city, strange as it may seem, is
out in the country, hidden in the fer-
tility of the soil. A successful hay
campaign will bring factories to the
town. Hay means beef and pork,
which beckon the packing house and
storage plant. More corn means cere-
al mills, glucose factories, starch fac-
tories. Flour mills locate in wheat
producing sections. Creameries follow
the dairy cow and the truck patch calls
for the canning factory."

"Let us have more Chambers of Ag-
riculture and Commerce and fewer
'Commercial Clubs.' Let us create
wealth from the opportunities at home,
and not subtract it from other com-
munities."

"We must not forget that every farm
is a factory, and that in every state
there are thousands of these factories
which need our best thought and ef-
fort."

"Service to others is the first prin-
ciple of good citizenship."

"We must use our best thought and
effort to build up the community in
which we live, apart from the things
which are required to do by law, or
the things which are directly bene-
ficial to ourselves."

"The opportunity of the town lies
in the country."

"Corn, wheat and hay—beef, pork
poultry. These are the home builders,
the builders of great cities."

"One man with a team and plow on
the farm can do more to build up
your town than forty fat men around
a banquet table."

"Get acquainted with your neigh-
bor—you might like him."

**ENGLAND INCREASES TOBACCO
DUTY.**

A cablegram to the Western To-
bacco Journal, under date of Septem-
ber 21, from Eyre Evans & Company,
of Liverpool, states that England has
increased the tobacco duty 50 per cent.
The previous duty was 3s. 8d. (88
cents) per pound, the present duty
making it \$1.32 a pound for raw leaf
tobacco, either stripped or in the leaf
form.

TOBACCO CROP REPORTS.

The following reports of tobacco
condition in various parts of Ken-
tucky were published in the Courier-
Journal on Monday, September 27:

Hopkinsville, Ky.—About 75 per
cent of the tobacco in this region has
been cut and much of it has been
cured. The crop generally is reported
to be in good shape and no injury
was sustained in the light frost.

Just when the local buying season
will open is a matter of conjecture.
Dealers and farmers alike, notwith-
standing conditions brought about by
the European war, are hopeful of good
prices. As yet the buyers haven't had
final instructions and until these are
received from the concerns they rep-
resent the date for the opening of the
market will not be fixed.

As the wheat crop this year is said
to be unusually poor in quality and
short in quantity, the farmers are
anxious for a good sale of their to-
bacco, which is really the ready money
crop.

The Planters' Protective Association,
which for a number of years has been
an important factor in the tobacco sit-
uation throughout the Black Patch,
may be discontinued, although a strong
effort is being made to obtain pledges
sufficient to hold the organization in-
tact. At the last meeting of the Board
of Directors it was definitely decided
that unless 65 per cent of the dark to-
bacco was pooled before October 21,
that the association would be dissolved.
This means that 135,000 acres will
have to be pledged by that date.

While several of the counties in the
Black Patch have good organizations,
some of them have none at all and sev-
eral practically none. The officials of
the association declare that there
never was a time when the farmers
needed the help of an organization of
this sort, owing to the war, but that
it will be useless to attempt to main-
tain one unless at least 65 per cent of
the tobacco is pledged.

Nicholas Houses Large Crop.

Carlisle, Ky.—Growers report that
a large acreage of the tobacco crop has
been housed during the last week as
a result of the ideal weather that pre-
vailed. The frost for two nights did
no damage, but is causing the tobacco
to ripen rapidly. It is believed the
work of housing will be completed in
the next two or three weeks. Some
growers report they have finished this
week. The tobacco, cut early, is nicely
cured and will be ready for strip-
ping by the last of October. The grow-
ers claim that a better crop than last
year is indicated, there being less bad
tobacco, but that it will weigh much
lighter. No house-burnings have been
reported for about two weeks.

Clarksville Sales Slow.

Clarksville, Tenn.—Report by the
warehouses for the week, showing only
a small number of hogshead as chang-
ing hands, totaling ninety-seven hogs-
heads since last report. Prices con-
tinued unchanged, lugs selling from
\$4.50 to \$6, and leaf at \$7.50 to \$12.50.
Reports from the country would in-
dicate fully 75 per cent of the crop
as being now in the barns.

UNIQUE RECEIVERSHIP IN TEXAS

Houston, Texas.—Probably one of
the most remarkable receiverships on
record in the United States has been
established here by Judge Burns, of
the Federal court. He has appointed
Judge Henry L. Borden receiver of the
bales of cotton washed from railroad
platforms, warehouses and other
places during the recent gulf hurri-
cane and scattered along the coast for
a distance of more than 100 miles. It
is stated that more than one million
bales of cotton are involved in the re-
ceivership. Much of it came from the
shipping docks and warehouses in Gal-
veston. It was swept across the bay
by wind and water, landing many
miles inland in some instances. It
will be the duty of Judge Borden to
gather up the scattered bales, pass
upon the question of ownership and to
settle any contesting claims that may
arise.

FOR UNCLE SAM'S NEW PLUNGERS.

Washington, D. C.—A big forward
stride in the new program of naval
development was taken today, when
estimates were received at the Navy
Department for the construction of
sixteen coast defense submarines, the
building of which was provided for
by Congress in the Naval Appropria-
tion Act of March 3, 1915. The new
vessels will be similar in size to the
"L" boats now in commission. They
will have a surface cruising radius of
between 5,000 and 6,000 miles and be
equipped with the new three-inch dis-
appearing gun recently developed by
naval engineers.

SOME AUTO MISHAPS

NINE KILLED IN ACCIDENTS ON
LAST SUNDAY.

Last Sunday was a fatal day for au-
tomobilists in various parts of the
United States. There were nine killed
besides numerous others wounded,
and many minor accidents, of which
no report was made. Here is the list
of fatalities:

Kenosha, Wis.: When an auto
crashed into a fast electric car north
of this city, Anthony Czarkowski, 21,
chauffeur; Fred B. Pratt, 25, and Fred-
erick Metten, 23, were killed and many
car passengers hurt.

Birmingham, Ala.: Garland Reeves,
young society man, was killed when
an auto plunged over a bank.

Columbus, O.: Abner Vanskiver, 55,
a farmer, riding on an ambulance, was
killed when an auto rammed the ve-
hicle, in which his injured wife was
riding.

Pomona, Cal.: Mrs. J. M. Whitney
was killed when her auto was hit by
a train.

Pittsburg, Pa.: Frederick Wilson,
51, Fire Chief of Jamestown, N. Y.,
and Frederick S. Peace, 38, fire alarm
agent, were killed under an overturned
auto.

Chattanooga, Tenn.: The 5-year-old
son of R. S. Walker, publisher South-
ern Fruit Growers' Journal, was killed
when run down by an auto.

he likes it well cooked.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia
E. Pinkham's Vegetable
Compound.

Unionville, Mo.—"I suffered from a
female trouble and I got so weak that I
could hardly walk across the floor with-
out holding on to something. I had
nervous spells and my fingers would
cramp and my face would draw, and I
could not speak, nor sleep to do any good,
had no appetite, and everyone thought I
would not live."

Some one advised me to take Lydia E.
Pinkham's Vegetable Compound. I had
taken so much medicine and my doctor
said he could do me no good so I told my
husband he might get me a bottle and I
would try it. By the time I had taken
it I felt better. I continued its use, and
now I am well and strong.

"I have always recommended your
medicine ever since I was so wonder-
fully benefited by it and I hope this
letter will be the means of saving some
other poor woman from suffering."—

AID THE KIDNEYS

Maysville Sufferers Should Take No
Further Risk.

Why will people continue to suffer
the agonies of kidney complaint, back-
ache, urinary disorders, lameness,
headaches, laguer—why allow them-
selves to become chronic invalids,
when a tested remedy is offered them?
Doan's Kidney Pills have been used
in kidney trouble over 50 years, have
been tested in thousands of cases.

If you have any, even one, of the
symptoms of kidney diseases, act now,
for gravel, dropsy or Bright's disease

ous. Can Maysville residents demand
more convincing proof than the fol-
lowing:

A. Sorries, locksmith, Aberdeen, O.,
says: "The action of my kidneys was
irregular and the kidney secretions
contained sediment. I had backache
and when stooping, it was hard for
me to straighten. Colds always set-
tled on my kidneys. I used Doan's
Kidney Pills and they stopped the
trouble and my kidneys became
strong."

BARBECUE DATE DECIDED.

SATURDAY, OCTOBER 23, BIG DAY FOR DEMOCRATS IN THIS VICINITY—EVENT TO BE STAGED IN CARTMELL'S WOODS.

Tuesday evening the following persons met in the office of Circuit Clerk James B. Key, and decided on the definite plans for the big Democratic barbecue, announced in the columns of The Ledger a few days ago: Mike Brown, W. H. Rees, S. F. Reed, J. W. Eitel, M. J. McCarthy, A. G. Sulser and others.

The meeting was presided over by Mr. Mike Brown, who was appointed chairman of the committee. It was decided that Saturday, October 23, should be the date for the event and that it should take place in Cartmell's Woods, on the Mapleleaf pike, a few miles south of this city. Speakers of prominence of both the state and nation will be asked to be present and make addresses to the voters. The committee will make the rounds in a few days asking subscriptions toward bearing the expenses of the barbecue.

DIES ON JOURNEY

WELL KNOWN RETIRED CAPITALIST DIES WHILE TRAVELING WITH HIS WIFE TO CALIFORNIA.

Mr. John H. Wyeth, aged about 50, of New York City, a retired capitalist and former vice president of the Burroughs Adding Machine Company, died in Chicago on Sunday and was buried in St. Louis, Mo., on Tuesday. Mr. Wyeth and his wife, who was formerly Miss Eva Bruce Lowrey, of this city, were en route to the Panama-Pacific Exposition in their private car when he was taken suddenly ill. He was removed to the hospital and died. Mrs. Wyeth, his widow, is well known in Maysville, and visited Mrs. Lewis McCarthy last summer. She has the sympathy of a host of friends, in which The Ledger joins.

THE SHOWS.

The Gem gave its patrons a real masterpiece in the film line Tuesday, when the film of Shakespeare's famous play, "Hamlet," was thrown on the screen. The play was one of the best ever shown in this city and all who visited the popular playhouse were pleased with the performance.

The Washington Opera House showed the great film star, John Barrymore, in a Famous Players production, "The Dictator." A feature cast supported the star, making the film excellent.

Think of it! Only ninety-five days more until Christmas. Are you getting ready?

Mr. H. B. Arnold, of Paris, was a business visitor here Tuesday.

GREUSOME POSTAL CARD.

Mr. Frank McManahan, of the firm of McManahan & Shea, has a postal card from Mr. William Myall, of this city, who is now visiting in Georgia, showing the body of Leo Frank, alleged slayer of Mary Phagan, suspended by a rope from the tree upon which he was hung by a mob near Macon, Ga.

The picture is very clear and a large gash in Frank's throat, inflicted by a fellow-prisoner a few days before the lynching, can be easily seen. The unfortunate man is dressed in a loose-fitting suit, without shoes or hat, and has his hands tied in front of him, showing his helplessness at the time of the outrage. The picture was taken a few hours after the discovery of Frank's body.
